

Purpose

The purpose of this conference is to provide healthcare professionals with the opportunity to enhance their knowledge and treatment skills with new and updated data for people with HIV or at risk for HIV. The sessions will be presented by practicing experts and based upon the latest state-of-the-art research of HIV therapy and care. The information presented will enhance compassionate caring skills and provide information that will support the diagnosis, treatment, and prevention of HIV. Cultural and societal issues that directly impact HIV care and prevention will be presented. At the end of this conference, it is expected that the participants will have an up-to-date understanding of the best clinical approaches for HIV treatment and prevention.

Target Audience

This conference was developed for MDs, RNs, ID Specialists, PAs, NPs, Psychiatrists, MFTs, LCSWs, Pharmacists, Substance Abuse Professionals, Case Managers, Pediatric ID Specialists, and other healthcare workers who support HIV care and prevention.

Learning Objectives

At the conclusion of this conference, the participants will be able to:

- Describe new and current advances in antiviral treatment for the care and prevention of individuals living with, or at risk, for HIV.
- Recognize issues related to diagnosis, treatment, and prevention of sexually transmitted infections.
- Recognize how social factors, mental health issues, and/or drug use can act as a barrier to successful outcomes in individuals living with, or at risk for, HIV.

Accreditation Statement

The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement

The University of California, Irvine School of Medicine designates this live activity for a maximum of *5.25 AMA PRA Category 1 Credits™*. Participants should claim only the credit commensurate with the extent of their participation in the activity.

Non-physician healthcare professionals may claim a certificate of attendance for professional development or seek transferable CE credit, if permitted by their specific licensing or credentialing board.

General Disclosure Statement

It is the policy of the University of California, Irvine School of Medicine to ensure balance, independence, objectivity, and scientific rigor in all educational activities. The views and opinions expressed in this activity are those of the speakers and do not necessarily reflect the views of the University of California, Irvine School of Medicine. Full disclosure will be included during the conference presentation and listed on the conference website (www.hivconference.org) or [UCI School of Medicine CME website](http://uci.scholarship.cme.org).

University of California, Irvine School of Medicine Continuing Medical Education adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers or others are required to disclose all relevant financial relationships with ineligible entities (commercial interests). All relevant conflicts of interest have been mitigated prior to the commencement of the activity.

ADA Statement

In compliance with the Americans with Disabilities Act, we will make every reasonable effort to accommodate your needs. For any special requests, please call (714) 456-6871.

California Assembly Bill 1195 and 241

This activity is in compliance with California Assembly Bill 1195 and 241, which require CME activities with patient care components to include curriculum in the subjects of cultural and linguistic competency & implicit bias. It is the intent of AB 1195 and AB 241 to encourage physicians and surgeons, CME providers in the State of California, and the Accreditation Council for Continuing Medical Education to meet the cultural and linguistic concerns of a diverse patient population and reduce health disparities through appropriate professional development. Please see the CME website, www.meded.uci.edu/cme, for AB 1195 and AB 241 resources.
