

Cindy Giambrone, PharmD

Outreach and Development, Right Care Initiative; Chair, Right Care Initiative Heart Failure Work Group

Dr. Giambrone received her doctor of pharmacy training at the University of California, San Francisco. She has had an extensive career in managed care, including as Director of Performance Improvement and Accountable Care Organization (ACO) Pharmacy Risk for the MemorialCare Medical Foundation.

She has a long-standing interest in the management of cardiovascular conditions, including Congestive Heart Failure (CHF) resulting from her professional and personal experience. Dr. Giambrone has been an active volunteer for the Right Care Initiative since 2008, and is now a member of the Right Care team.
